

OPEN TRACK DRIVER AND CAR REQUIREMENTS

IN ADDITION TO THESE RULES AND REGULATIONS ALL PARTICIPANTS MUST ADHERE TO THE STRICT COVID-19 REQUIREMENTS OF KUWAIT MOTOR TOWN. THESE COVID-19 REGULATIONS WHICH FOLLOW ON THE NEXT PAGE WILL ALSO BE SENT VIA EMAIL TO EACH PARTICIPANT BEFORE EVERY EVENT.

1. Driver must be in possession of a full current road driving license or current competition license. Drivers under the legal age must have a valid National C or higher competition license.
2. Helmets are required. Open face helmets are fine unless your car does not have a windscreen in which case it must be a closed face helmet. In case of a convertible car, a full-face helmet is mandatory. Off-road style motorcycle helmets are not permitted. Helmets can be hired at the circuit if you do not own one. Racing overalls are not required; **drivers and passengers must wear long trousers and closed shoes (No sandals/shorts/thobes/high heels permitted) Arms, and legs must be covered at all times if you are in an open-top car.**
3. Vehicle must meet roadworthy regulations. You must show proof of ownership of the vehicle being driven. The car must be of a safe standard with no leaks. Front and rear lights working correctly. Rear brake lights must be functional. **No single-seaters, open-wheel cars, or SUV's are allowed.**
4. All loose articles inside your car, including the boot, must be removed. Ensure your indicators and brake lights are working correctly. A towing eye must be fitted to the front of the car prior to going on circuit. Ensure you have sufficient fuel to complete your session. Ensure there are no fluid leaks, check fluid levels and tyre pressures. It is highly recommended to use performance racing brake fluid. {The responsibility for ensuring that the car is in safe and suitable condition rests with the driver}
5. Every driver must sign on at registration to collect a wrist band and then attend a driver safety briefing before driving on the track. The Clerk of Course will explain track flags/lights and other important information. You must fully understand the flag colours and meanings.
6. **Your standard insurance car cover does not cover you for a track day. If you damage your car, you will be responsible, and although the circuit will have insurance, it will only be for Third Party Public Liability.**
7. Due to COVID-19 operating procedures, we will allow one passenger and no extra drivers.
8. Track days are not competitive, so lap timing is not permitted. Any stoppages or delays on track due to incidents during driving sessions will not be refunded, and session time will not be extended. Overtaking other cars is by invitation only. You must wait for the car in front to indicate the direction they would like you to go to. No overtaking through the corners.
9. Fuel is supplied onsite at the cost of 0.185 per litre, cash or card payments accepted. Fuelling area is based at the end of the pit garages. There are also fuel stations along the highway. If you bring your own fuel cans, these must be kept in the garage or in the paddock area. No fuelling cars in the pitlane.
10. Car groups will be allocated by engine size/power. Kuwait Motor Town will allocate Groups. Front window stickers will be given out upon registration with Group letter/number on.

Kuwait Motor Town COVID Operation

Due to the current situation we are facing regarding the COVID-19 pandemic, Kuwait Motor Town GP Circuit will be taking the following steps, in addition to the previously laid out on track guidelines, to ensure the safety of not only all participants, but also all staff and our marshals;

- Participant numbers will be limited to ensure there is only 1 (one) car or bike per garage. Each participant at all open tracks will be allowed 1 (one) additional assistant ONLY.
- Open track sessions will now be open pit lane for both cars and bikes. This will assist in limiting the amount of contact onsite. Track time will be 3 hours per session
- Temperature checks will be conducted on all persons upon arrival at KMT. Anyone who presents with a temperature outside the government advised range (38 degrees) will not be able to enter the venue
- All staff, marshals and participants will be required to wear masks at all times (unless a helmet is being worn). Any KMT Staff doing the sign-on and scrutineering procedures will be required to wear gloves.
- We will do a contactless sign on and scrutineering procedure and minimise the number of persons at these areas to limit interactions
- Session briefings will be conducted within the government advised social distancing guidelines, and the briefing room will be monitored with a separate "in" and "out" door being used. Only drivers will be allowed to attend the briefing to assist with the numbers in the room, and drivers will only be able to sit in socially distanced seats.
- Participants will have pre-assigned garages and will be encouraged to stay within their garage only. All internal garage walls will remain down, providing each participant with a private area.
- KMT will not provide furniture in the garages. Participants will be asked to bring their own furniture, such as a foldable camping chair if they wish to sit while taking a break to eliminate places for cross-contact to occur
- Bathrooms of all garages will be sanitised during the changeover of each session on every day to ensure the safest practices are being adhered to.
- Where possible, doors will be left open, so participants and staff do not need to touch door handles. Where this is not possible, hand sanitiser stations will be positioned.

We appreciate our customer's support and understanding during this time and look forward to having on-track action resume as soon as possible.

Regards

KMT TEAM
