2.5.3 GRID POSITIONS

Drivers should leave the Pre-Grid when directed by the Grid Marshal. The field must stick together in 2 distinct lanes as per the positions on the Pre-Grid. It is the responsibility of the driver in Pole Position to set the pace, which should be steady and controlled. Drivers are then requested to take their positions as directed on the starting grid.

2.5.4 RACE START PROCEDURES

2.5.4.1 STANDING STARTS: The race will start will be indicated by the start line lights going out. If the lights are inoperative, waving of the KUWAIT national flag by the start line marshal will indicate the start. Starts will be either Standing or Rolling, as directed by the clerk of the course during Driver's Briefing.

KUWAIT MOTOR TOWN KARTING

2.5.4.2 ROLLING STARTS:

- Rolling starts are used for certain track layouts only
- When released from the Pit lane, drivers must proceed towards the starting line at a reduced and constant speed and maintain their Position. **(This is called the formation Lap.)**
- Drivers should line up in two lines of karts, with each line remaining within the white tram lanes marked on the track.
- Crossing the tram lanes is not allowed. Penalties will be given as follows:

- **A time penalty of 3 seconds for partly crossing the lanes with 1 to 2 wheels outside.**

- **A time penalty of 10 seconds for completely getting out of the corridor (e.g., three to four wheels outside the tram lane)**

- When the karts approach the starting line, the red lights will be turned on
- The start signal will be given by switching off the red lights by the Clerk of the Course or start-finish official when they are satisfied with the formation.
- Once the start lights are turned off, drivers are permitted to break the formation and begin racing.
- If the Clerk of the Course or the start line official is not satisfied with the procedure, they will not switch off the lights and may issue a FALSE START Flag at the soonest available Marshal post. In such a case, drivers must do another formation lap.

2.5.4.3 RED FORMATION LINE: (applicable to Rolling starts only)

This is a red-painted lateral line located on the back straight of the circuit. A driver who is otherwise delayed from leaving the Pit lane or finds themselves out of position will have the possibility of regaining his/her original place, as long as it's done before the Red Formation Line during the formation Lap. It is forbidden to overtake or retake your original grid position for whatever reason after this Red Line.

If a driver is unable to regain their original starting position – they can stay in the position they reached, provided it's not higher up the grid than their original position. For, If the driver was meant to start P3 and dropped to P21 on the formation lap. If the driver manages to reach P7 before the Red Formation Line, then the driver can stay in the said position. In order to regain one's position, it is forbidden to use any course other than the track used during the race.

However -Any driver permitted to join the track AFTER a false start MUST remain at the back of the grid on the current formation lap and any subsequent formation lap until the race is officially started.

2.5.5 JUMP START

A jump-start will be deemed to have occurred if a driver starts to move his/her kart before the start lights have gone out. Depending on the severity, a 3 to 10-second time penalty will be imposed by the Clerk of the Course on any competitor deemed to have jumped the start of the race. The penalty will be applied to the race result.

2.5.6 YELLOW FLAGS

In the event of an incident during the race (spun kart, accident between 2 or more karts, circuit safety features requiring repair, etc.), yellow flags will be shown at the marshal post prior to the incident. ALL drivers are to slow down and raise one arm to acknowledge the yellow flag, and there is to be NO overtaking.

A green flag will be shown at the next SAFE marshal post, after which point drivers may resume racing. The penalty for failing to slow down under yellow flag conditions shall be a 5-second penalty OR up to 10 Grid Penalty. Overtaking under yellow flag conditions will result in Disqualification from the heat.

Any driver contravening this regulation will be awarded penalties according to **Reg 5. Penalties**

KUWAIT MOTOR TOWN KARTING

- b) If 50% of the race distance or more has been completed by the leader, the race will be deemed to have ended. The race result will be based on the order of crossing the finish line at one lap less than at the time of the first showing of the Red Flag. Only vehicles that are under their own power and crossed the finish line at the showing of the Red Flag will be classified.

2.5.8 RACE FINISH

The leading kart will take the Checkered flag, followed by all other karts in the race. After receiving the Checkered flag, all karts must slow down and proceed directly to the pit lane.
